

1 Q. **Re: p. B-134** Explain the meaning of the sentence “the cycle will be over
2 five years” included under the heading “Future Plans” on p. B-136.

3

4

5 A. The replacement time is typically five years based on our experience. This is
6 reviewed on a yearly basis taking into consideration vendor support,
7 operating system support, application support and business requirements.
