6 A. The credit to be paid to Aur Resources would include the historic RSP
7 amount paid to Hydro during the period, any specifically assigned charges
8 paid to date and the any amounts paid by virtue of the demand charge being
9 based upon the highest annual demand instead of the highest monthly for
10 2006. It is not intended to specifically reflect any particular treatment of Aur
11 Resources Inc. flowing from the rate change that went into effect pursuant to
12 Board Order No. P.U. 31 (2006).
