

1 Q. Why is Hydro not seeking to charge Aur Resources Inc. a Specifically
2 Assigned Charge at this time.?

3

4

5 A. Hydro is not seeking to charge Aur Resources Inc. a Specifically Assigned
6 Charge at this time because the Board approved 2004 Cost of Service Study
7 contained no specifically assigned charges applicable to that customer.
8 Upon approval of a new Test Year Cost of Service Study, specifically
9 assigned charges will be determined and charged to all the appropriate
10 customers. The same process applies when specifically assigned plant
11 additions or deletions occur for any customer. That is, new rates are
12 approved based on a new test year Cost of Service Study.
