

1 B-68 Service Extensions

2 Q. Re: PUB 18 NLH

3 Provide unit costs data for 2001 to 2005F as follows:

- 4 - per new isolated Labrador customer,
5 - per new interconnected Labrador customer,
6 - per new Island isolated customer,
7 - per new Island interconnected customer.

8

9

10 A. The unit cost data for new customer service extension for years 2001 to 2004
11 are shown below. The service extension budgets are determined by region,
12 not by rate system, and therefore cannot be provided on a forecast basis.

13

14		2001	2002	2003	2004
15	Isolated Lab.	\$3,986	\$2,381	\$1,682	\$2,867
16	Interconnected Lab.	\$4,418	\$12,713	\$4,434	\$14,928
17	Island Isolated	\$8,117	\$14,888	\$8,962	\$11,559
18	Island Interconnected	\$3,379	\$3,819	\$4,107	\$8,947
