5 A. All of the Company's vehicles are insured under a Blanket Fleet Policy. This insurance  
6 policy provides full coverage (i.e. Third Party Liability, Accident Benefits, All Perils  
7 Insurance, and Uninsured Motorist Coverage) on all Company vehicles regardless of  
8 whether they are being operated for Company business, or personal use for non-  
9 company-related activities. The policy does not contain a specific provision for personal  
10 use, nor is there any incremental cost resulting from personal use.
