

Requests for Information

Q. In reference to the evidence of Barry Perry, page 5, line 18, please provide on a table the actual numbers in energy sales for the period 1993 to 2004 forecast and indicate the percent of increase/decrease, as the case may be, year over year on that table.

A. Table 1 below provides actual energy sales for 1993 to 2002, as shown in Exhibit BVP-27, Page 12 of 13, of the *Finance & Accounting Evidence*; and, forecast energy sales for 2003 to 2004, as shown in Exhibit BVP-27, Page 11 of 13, of the *Finance & Accounting Evidence*. The annual percentage increase is also provided.

Table 1 Energy Sales 1993 – 2004F		
Year	Energy Sales (GWh)¹	Annual Percentage Increase
1993	4,333.9	1.1
1994	4,368.8	0.8
1995	4,382.1	0.3
1996	4,425.1	1.0
1997	4,438.0	0.3
1998	4,439.6	0.0
1999	4,499.7	1.4
2000	4,554.8	1.2
2001	4,666.7	2.5
2002	4,764.9	2.1
2003 (forecast ²)	4,850.7	1.8
2004 (forecast ²)	4,920.2	1.4
