|--------|----|---|
| 3 | | the conservation corps, year over year, from 1990 to current and forecast. |
| 4 | A. | Newfoundland Power's partnership with the Conservation Corps is outlined in the |
| 5 | | Company's 2001 DSM Report filed as Attachment E to the Company's response to |
| 6 7 | | Request for Information CA-239. |
| 8 | | As part of Newfoundland Power's partnership with the Conservation Corps, the |
| 9 | | Company has provided approximately \$3,000 for a blower door that is used during |
| 10 | | EnerGuide home assessments to measure air sealing. In addition, Newfoundland Power |
| 11 | | has provided in-kind support in the form of printing and distribution of information on |
| 12 | | behalf of the Conservation Corps through bill inserts, brochures and customer |
| 13 | | newsletters. |
| 14 | | |
| 15 | | The cost of the blower door and the cost for materials and printing related to brochures or |
| 16 | | bill inserts are treated as non-regulated expenses of the Company. |
| 17 | | |
| 18 | | In addition, as outlined in the Company's response to Request for Information CA-240, |
| 19 | | customers can finance the cost of the EnerGuide for Houses assessment as well as the |
| 20 | | purchase and installation costs associated with following the assessment's |
| 21 | | recommendations through Newfoundland Power. Financing is available for up to \$5,000 |
| 22 | | for terms up to 60 months pending credit approval, with monthly payments included on |
| 23 | | the customer's electrical bill. |
