

1 **Q. (L. Henderson p. 18)**

2 **Outline the types of customers that are affected by the elimination of the minimum**  
3 **monthly charge. What percentage would be considered winter peaking versus**  
4 **summer peaking in terms of demand sales?**  
5

6 A. The types of customers affected by the elimination of the minimum monthly charge  
7 include:

- 8 ○ Churches
- 9 ○ Schools
- 10 ○ Tourism businesses
- 11 ○ Fishery related businesses
- 12 ○ Summer camps and recreational facilities
- 13 ○ Community halls
- 14 ○ Businesses in the process of shutting down
- 15 ○ Seasonal construction facilities such as quarries
- 16

17 Approximately 50% of the customers affected by the minimum monthly charge in 2001  
18 are winter peaking and 50% are non-winter peaking.
