ABOUT YOUR VEHICLE

Ford Warranties

The 3-year/60,000 km (4-year/80,000 km for Lincoln vehicles) New Vehicle Limited Warranty covers the complete vehicle (except components listed under "What is Not Covered", in the Owner Information Guide) against defects in factory-supplied materials or workmanship.

For all 2002 and newer model Ford and Mercury cars (except Lincoln) and Windstar, a Powertrain Warranty is also included for 5-years/100,000 km (whichever occurs first).

The Ford Roadside Assistance Program is separate from the New Vehicle Limited Warranty coverage, but is concurrent with the 3-year/60,000 km (4-year/80,000 km for Lincoln) "Basic" Warranty Coverage period. (NOTE: The Roadside Assistance Program extends to 5-years/100,000 km for vehicles covered by the Powertrain Warranty.)

Ford of Canada's Corrosion Warranty covers against corrosion perforation of body sheet metal panels for 5-years/unlimited distance. Each vehicle is protected with the corrosion protection Dura Guard system. This system is built in at the factory to provide superior corrosion protection.

For complete warranty coverage information, see your Ford of Canada Dealer.
