

**Re Network Infrastructure, Schedule B, pages 74-75 (\$393,000)**

**Q. For each component being replaced in 2004 and 2005, please indicate the number and duration of any failures that have occurred in 2002 and 2003.**

**A.** The number and duration of network failures are not tracked at the component level.

At this time, there are no Network Infrastructure component replacements anticipated in 2005, as discussed in the Information Technology Strategy, 2004 - 2008, page 8 paragraph 2.
