

1 **1. Project Management Improvements**

2  
3 **Q. How will NF Power provide training to project managers in the usage of the**  
4 **centralized project repository and where is this cost reflected in the 2004 budget.**

5  
6 A. The specific form of training provided will depend upon the requirements of the  
7 individuals involved, and will range from specific topics presented internally to formal  
8 training courses such as the Masters Certificate in Project Management offered by the  
9 Centre for Management Development at Memorial University.

10  
11 The cost of training the project managers and other staff is not included in the budget for  
12 the project, but is considered part of the normal skill upgrading training costs included in  
13 the Company's operating budget
