5 **PUB 47.2**

6 **Where the PRIMARY justification given is to improve “operational efficiencies” ,**  
7 **provide quantifiable justifications, including an NPV analysis.**

8  
9 A. No project within the Shared Server Infrastructure budget category had “operational  
10 efficiencies” as its primary justification. All projects were primarily justified on the basis  
11 of “obsolescence” or “security”.
