4
5 **PUB 47.5**

6 **Are any of the improvements provided by the two servers used to recover**
7 **applications and associated infrastructure contingent on the proposed**
8 **implementation of the Network Infrastructure Fiber Optic cable project?**

9
10 A. No, the proposed project to purchase two servers to improve the Company's capability to
11 recover its applications and associated infrastructure is completely separate from and
12 therefore not contingent on the proposed Network Infrastructure Fibre Optic cable
13 project.
