

1 Q. **Re: Volume III, Tab 18 – Upgrade Office Facilities and Control Buildings**

2 What is the anticipated cost of the detailed Engineering Assessments to be
3 completed?

4

5

6 A. The anticipated cost of the detailed Engineering Assessments that are a part of the
7 Level 2 Condition Assessments for the Stephenville Terminal Station and the St.
8 Anthony Terminal Station is estimated to be \$42,000. This anticipated cost includes
9 a site visit and the development of a detailed Engineering Assessment report for
10 each location.
