6 A. As stated on page D-210 of the budget proposal submission, a site facilities
7 prioritization list will be generated to ensure that the areas experiencing higher
8 concentrations of female employees are the first to be completed. This list will be
9 created as part of a site facilities assessment to be completed during the first year
10 of the project. The sites to be completed in 2013 would be derived once the
11 facilities assessment is complete.
