

1 Q. **Re: Cost of Service Study, Exhibit 13, Schedule 2.2E, page 1 of 2.**

2 The document identifies \$56.4 million of Plant in Service for Labrador
3 Interconnected – Distribution, including \$7.4 million for Substations, \$25.2
4 million for Poles, \$7.6 million of transformers and \$5.8 million for Second
5 Conductor & Equipment.

6 Please break down the amounts in this schedule between Labrador East¹ and
7 Labrador West.

8

9

10 A. Board Order No. P.U. 14(2004) ruled that there will be a single cost of service study
11 for the Labrador Interconnected System. As a result, Hydro does not track its
12 detailed cost records on a basis that would provide information separately for
13 Labrador East and Labrador West.

¹ In this document, the term “Labrador East” will be used in accordance with its use in P.U. 14(2004).
