

1 Q. Page 41, Table 22, Footnote 3, “2018 - 2031 requirements based on NP purchase  
2 location energy shares.”

3

4 Please provide an explanation of “purchase location energy shares”.

5

6

7 A. “Purchase location energy shares” refers to the amount of energy forecast for each  
8 of the NP delivery locations for the St. John’s region which includes Oxen Pond,  
9 Hardwoods and Holyrood. For this analysis, individual purchase/delivery location  
10 requirements were extrapolated using constant proportions of total St. John’s  
11 region requirements.
