

1 Q. Please indicate what commitments Hydro has made to existing Holyrood staff in
2 terms of future employment with Hydro in the event of the Labrador infeed coming
3 on line.

4
5
6 A. At this point, Hydro has committed to, and carried out, the formation of a joint
7 advisory committee (Employee Liaison Advisory Committee (ELAC)) comprising
8 representatives of management, the union and employees who are non-
9 management but are outside the scope of the bargaining unit. The purpose of ELAC
10 is to fully explore and understand the future employment situation for Holyrood
11 employees arising as a result of the Labrador infeed. Recommendations made by
12 ELAC will be channelled to a steering committee comprised of members of Hydro's
13 and the union's executives.
