

- 1 Q. According to p. 15 of the Install Operator Training Simulator Holyrood project at Tab  
2 5, there are presently 28 operators at Holyrood. Please outline:  
3 (a) the years of experience of each operator;  
4 (b) the number of plant operators who are considered by Hydro to be fully trained;  
5 (c) the number of trainees presently employed;  
6 (d) the number of operators who have the experience and training to be considered  
7 as candidates for the position of Lead Plant Operator now;  
8 (e) the number of operators who would qualify in each of the years 2012 to 2017  
9 inclusive to be lead operators.

10

11

- 12 A. a) The years of experience of each of the 28 operators is as follows:

Years of Experience	# of Operators
< 5 years	10
5-10 years	4
10-15 years	3
15-20 years	0
20-25 years	7
25-30 years	3
> 30 years	1
	28

- 13 b) The number of operators considered by Hydro to be fully trained is 20.  
14 c) The number of presently employed trainees is eight.  
15 d) The number of operators who have the experience and training to be  
16 considered as candidates for the position of Lead Plant Operator is nine.  
17 e) The number of operators who would qualify in each of the years 2012 to 2017  
18 inclusive to be Lead Plant Operator is currently seven; however, this will depend  
19 on the number of operators who will complete their Second Class Power  
20 Engineering Certification. This is a requirement for the position.
