

1 Q. Re: Life: Please provide both the graphical and numerical output of each observed
2 life table for each account prepared in associated with the depreciation study
3 whether such life table was relied upon. The observed life table should be provided
4 both in hard copy and on electronic medium in Excel readable format.
5
6

7 A. Please refer to the responses to CA-NLH-19 and CA-NLH-22. All of the life tables
8 that were relied upon were included in hard copy format in Section IV of the
9 Gannett Fleming report. The retirement rate analysis leading to the development
10 of the life tables was undertaken in a legacy version of the Gannett Fleming
11 programs. The life tables are output from the programs in hard-coded report
12 format and cannot be opened with MS Excel. As such, the Excel version of the life
13 tables are not available.
