

1 Q. On page 33 of the Report it is stated that *“Other utilities have procured similar units*
2 *and have experienced positive results. Hydro was in contact with one generation*
3 *utility and made a site visit to discuss their experience”*. State the number of utilities
4 Hydro identified that had procured similar units, how many were contacted by
5 Hydro, and what the experience of each had been with their purchase of a similar
6 unit.

7
8
9 A. There are at least 145 similar units that have been in operation and accumulated
10 over 6.3 million operating hours. Hydro contacted one utility and visited that utility
11 to see the generating unit and discuss their experience. The utility gave positive
12 feedback on its experience.
