Dear Ms. Blundon:

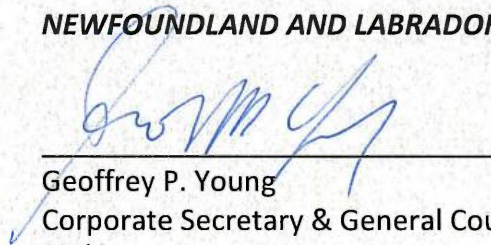

**Re: Newfoundland and Labrador Hydro - the Board's Investigation and Hearing into
Supply Issues and Power Outages on the Island Interconnected System - Near-Term
Generation Adequacy Report – May 2018 – Extension Request**

Newfoundland and Labrador Hydro ("Hydro") is writing to request an extension to the forthcoming semi-annual filing of the Near-Term Generation Adequacy Report, scheduled for May 15 and November 15 of each year under Board correspondence dated October 13, 2016. Hydro respectfully requests an extension for filing this report to Tuesday, May 22, 2018. This proposed extension will allow information surrounding the contracted supply over the Labrador-Island Link to be incorporated. Hydro believes this information will add value to this report.

Should you have any questions, please contact the undersigned.

Yours truly,

NEWFOUNDLAND AND LABRADOR HYDRO
