

1 Q. Reference: Muskrat Falls Review: Exhibit 92: The Lower Churchill Project, DC1070 –
2 Preliminary Meteorological Load Review

3 What were the complete tower loading cases used for designing towers based on
4 Exhibit 92 - The Lower Churchill Project, DC1070 – Preliminary Meteorological Load
5 Review?
6
7

8 A. Tower loading cases were not developed based on Exhibit 92 filed in the Muskrat
9 Falls Review proceeding. The rationale for not using the results from Exhibit 92 was
10 presented in Hydro's response to NP-NLH-012.
