

1 Q. Reference: *Probabilistic Based Transmission Reliability Summary Report*, Appendix  
2 A, Page 4 of 56.

3 *"This report presents the results of a probabilistic based reliability study that*  
4 *assesses the impact of the HVDC Links on the reliability of the IIS."*

5 Please explain the extent to which Teshmont has reviewed responses to Requests  
6 for Information relating to Phase II of the Board's Investigation and Hearing into  
7 Supply Issues and Power Outages on the Island Interconnected System since the  
8 report was initially drafted in 2014.

9

10

11 A. Teshmont was not made aware of the investigation until notification from Hydro  
12 that the report would be filed as part of proceedings. Teshmont was not asked by  
13 Hydro to review the responses to requests for information.
