

1 **Q. Further to the response to PUB-NP-065, state the extent P1, P2 and minor**
 2 **substation corrective maintenance jobs are charged to operating and maintenance**
 3 **("O&M") and to capital projects. What were the O&M and the capital expenditures**
 4 **for substation inspections, for substation preventive maintenance, and for**
 5 **substation corrective maintenance each year from 2010 the 2013?**

6
 7 A. P1, P2 and minor substation corrective maintenance jobs are charged to operating and
 8 maintenance ("O&M") or to capital projects based on the nature of the work. For the
 9 most part P1, P2 and minor substation corrective maintenance jobs are operating in nature
 10 however items falling within the scope of the approved *Substations Refurbishment and*
 11 *Modernization* project are charged to capital.

12
 13 Newfoundland Power does not segregate substation operating costs by inspections,
 14 preventative maintenance and corrective maintenance as requested and can only provide
 15 total annual operating and maintenance costs. The total substation operating expenses for
 16 the period from 2010 to 2013 are provided in Table 1.
