

1 Q. **Reference: 2022 Update, Vol.I, page 5**

2 Would the proposed Clean Energy Standard prohibit all new fossil-fuel options including those
3 for standby or peaking purposes or to support intermittent supply? If not, then has Hydro ruled
4 them out as uneconomic or for some other reason?

5

6

7 A. Please refer to Newfoundland and Labrador Hydro's response to PUB-NLH-231 of this
8 proceeding.
