

1 Q. **Reference: Response to Request for Information P2-CA-NLH-146**

2 Please provide a list of events on the Island Interconnected System that Hydro would consider
3 to be an extreme event in accordance with TPL-001-4.

4

5

6 A. Newfoundland and Labrador Hydro (“Hydro”) has not performed a review of its transmission
7 system in accordance with TPL-001-4 and therefore does not have a listing of extreme events.
8 Such a review would require a comprehensive network study that Hydro would perform if it
9 were seeking full compliance with Northeast Power Coordinating Council (“NPCC”) standards.
10 Hydro is not seeking full compliance with NPCC standards at this time.
