Subject: Re: NLH - Application for Approval of the Extension of a Third Amended and Restated Pilot Agreement for the Optimization of Hydraulic Resources

Good Morning,

The schedule set by the Board for the above noted application had a deadline of Monday, December 8 for submission of comments by the parties. Newfoundland Power advised they had no comments; there were no comments received from any of the other parties. There were no Requests for Information issued for this application. Hydro respectfully requests that the Board approve the application as submitted.

Thank you,
Shirley
