

1 Q. **Reference: Volume I, Section 2.1.1, footnote 5, Issue Topic: System Reliability and Customer**
2 **Operations**

3 Please provide a listing of all utilities in Canada that Hydro is aware of that are making additional
4 investments to improve or maintain reliability as a result of the impacts of climate change. For
5 each utility, please provide details of those additional investments and the anticipated
6 improvement in reliability.
