Q. **Reference: Volume I, Section 5.7, Issue Topic: Long Term Supply Cost Variance Deferral Account**

Hydro states that "in the application requesting approval of the Supply Cost Variance Deferral Account, Hydro indicated it would provide evidence on a long-term approach to the Supply Cost Variance Deferral Account in its next GRA, including a proposed allocation and recovery approach for any account balance."

Please provide alternatives for the disposition of annual balances in the Long Term Supply Cost Variance Deferral Account.

A. Please refer to Newfoundland and Labrador Hydro's ("Hydro") response to PUB-NLH-092 of this proceeding. Hydro will provide a proposal for the disposition of the annual balances in this application.
