

1 Q. Please outline what sections of the Act are relevant for the Board’s consideration of the
2 Application.

3

4

5 A. The Recovery of Costs Associated with Information Systems Assets Application (“Application”)
6 cites the *Public Utilities Act* (“Act”) generally as the source of the Board of Commissioner of
7 Public Utilities (“Board”) jurisdiction in relation to the matters raised therein. Newfoundland and
8 Labrador Hydro (“Hydro”) did not intend, by referencing the *Act* without specific section
9 citations, to limit the Board’s consideration to any particular statutory provision.

10 Hydro notes that sections 58, 78, and 80 of the *Act* are relevant to the Board’s consideration of
11 the Application. Hydro acknowledges that other provisions of the *Act* may also inform the
12 Board’s assessment of the Application depending on the specific issue considered.
