TO: The Board of Commissioners of Public Utilities (the “Board”)

THE AMENDED APPLICATION OF Newfoundland Power Inc. (“Newfoundland Power”) **SAYS THAT:**

1. Newfoundland Power is a corporation duly organized and existing under the laws of the Province of Newfoundland and Labrador, is a public utility within the meaning of the Act, and is subject to the provisions of the *Electrical Power Control Act, 1994*.
2. Schedule A to this Application provides a summary of Newfoundland Power’s proposed capital expenditures for which it is seeking approval as follows:
 - (a) proposed single-year 2027 capital expenditures in the amount of \$79,411,000 comprising projects and programs costing in excess of \$750,000;
 - (b) proposed single-year 2027 capital expenditures of \$9,723,000 comprising projects and programs costing \$750,000 and under;
 - (c) proposed multi-year projects commencing in 2027 with capital expenditures of \$9,551,000 in 2027, \$23,304,000 in 2028 and \$12,867,000 in 2029; and
 - (d) ongoing multi-year projects previously approved in Order No. P.U. 38 (2025) and Order No. P.U. 27 (2024) with capital expenditures of \$50,664,000 in 2027 and \$8,040,000 in 2028 (the “Previously Approved Multi-Year Projects”).
3. The proposed 2027 Capital Budget includes contributions toward the cost of improvements or additions to property that Newfoundland Power intends to demand from its customers in 2027 including an estimated amount of \$2,500,000 in contributions in aid of construction which shall be calculated in a manner approved by the Board.
4. There has been no change in the scope, nature, or magnitude of the Previously Approved Multi-Year Projects.

5. Schedule B to this Application provides detailed descriptions of the proposed projects and programs in excess of \$750,000.
6. Schedule C to this Application outlines proposed projects and programs \$750,000 and under.
7. The proposed expenditures as set out in Schedules A, B and C to this Application are necessary for Newfoundland Power to continue to provide service and facilities which are reasonably safe and adequate and are just and reasonable as required pursuant to section 37 of the Act.
8. Schedule D to this Application shows Newfoundland Power's actual average rate base for 2025 of \$1,419,718,000.¹
9. Newfoundland Power requests that the Board make an Order:
 - (a) pursuant to section 41 of the Act, approving Newfoundland Power's proposed construction and purchase of improvements or additions to its property to be completed in 2027 in the amount of \$149,349,000 as set out in Schedules A, B and C to this Application comprising:
 - i. single-year project and program expenditures in excess of \$750,000 in the amount of \$79,411,000;
 - ii. single-year project and program expenditures \$750,000 and under in the amount of \$9,723,000;
 - iii. multi-year projects with 2027 expenditures of \$9,551,000; and
 - iv. previously approved multi-year projects with 2027 expenditures of \$50,664,000.
 - (b) pursuant to section 41 of the Act, approving Newfoundland Power's proposed multi-year construction and purchase of improvements or additions to its property for future years in the amount of \$23,304,000 in 2028 and \$12,867,000 in 2029 as set out in Schedules A and B to this Application; and
 - (c) pursuant to section 78 of the Act, fixing and determining Newfoundland Power's average rate base for 2025 in the amount of \$1,419,718,000 as set out in Schedule D to this Application.
10. Communication with respect to this Application should be forwarded to the attention of Dominic Foley, Legal Counsel to Newfoundland Power.

¹ Additional information regarding deferred charges and a reconciliation of average rate base to invested capital is provided in report *4.1 Rate Base: Additions, Deductions and Allowances* filed with the Application in compliance with Order No. P.U. 19 (2003).
